THE BEST book on prayer.Von Ein KundeI have read many books on prayer but this one stands out head and shoulders above all others. Though it was written at such a different time in history, it is just as relevant today. What R.A. Torrey does in this book is much more than teach dry methods. Rather, he imparts to the reader the true spirit of prayer and how vital it is in practicality to our lives on a daily basis. A MUST for any believer serious about having a true,

intimate relationship with their "Abba Father."0 von 0 Kunden fanden die folgende Rezension hilfreich. One of very few Excellent books on prayerVon Ein KundeThis is an awesome book! I've given copies to several friends. While reading at a coffee shop one day, I thought "I can't wait to get home and pray like this!" This book focuses on God and aligning your heart with His will, not simply getting what you want. A short and easy read, but it efficiently makes an impact.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent study on prayer through the scriptures!Von Ein KundeThis book is going on my top ten list of recommended reading for young believers. Torrey explains in easy to understand language the principles of effective prayer laid out in the scriptures. A must-read for anyone desiring to improve upon their prayer life!
