Von William Polk : Humpty Dumpty The Fate of Regime Change (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Humpty Dumpty The Fate of Regime Change (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent review of all present political trouble areasVon Wolfgang WuehrerIt is an excellent account of all of the presently disturbing spots in world-politics, always with a sound, basic and learned explanation of the historical background of the present events alarmingly clear in the conclusion that the employed policies often do not adequately

consider previous failures. The actions always cost exceedingly more than anticipated. So the book is against any ideological belief of trying to impose "democracy" on a given state and gives some reasonable advice. The credo of Regime Change has not been successful. The book finishes with a personal reference in Greece, where the author's brother was killed. William R. Polk is a well-known expert in Arabic world affairs through government experience and study.

Kurzbeschreibung William R. Polk studied at Harvard and Oxford and taught at Harvard until 1961 when President J. F. Kennedy, McGeorge Bundy, director of the National Security Council, and Under Secretary of State, Chester Bowles put him on the newly reorganized Policy Planning Council. There he was responsible for much of Africa, the Middle East and Central Asia. He was one of three members of the Crisis Management Committee during the Cuban Missile Crisis; headed the American task force that helped to end the Algerian war; and later he negotiated the Egyptian-Israeli cease fire on the Suez Canal. In 1965, the resigned to become Professor of History at the University of Chicago where he founded the Middle Eastern Studies Center, and subsequently was President of the Adlai Stevenson Institute of International Affairs. He is author of scores of essays and 17 books on world affairs. In 2012, he organized and chaired the conference on Affordable World Security that has been called the best meeting of its kind ever held in Washington.
