KurzbeschreibungA wonderful tool to assist parents in leading their children to accept Christ. Tells the story of God's plan of salvation from creation through the life, death and resurrection of Christ. Helps children see God's plan for their lives. Includes a salvation prayer and page for child and parent to sign and date regarding their decision..deWhile Christian parents agree that helping children to understand God is of the utmost importance, many struggle to find the words to explain the gospel to them. John MacArthur has successfully written a concise, yet complete account of the gospel's message in I Believe In Jesus, written entirely for young minds and hearts. With stirring watercolour illustrations from Melinda MacArthur, the author's daughter, I Believe In Jesus will hold the attention of little ones as well as communicate the most important message they will ever hear. Beginning at creation and moving through to eternity, MacArthur speaks directly to children in simple language by bringing theology (even tough subjects like the

Trinity) to a basic level. Pointed questions that ask: "Have you ever noticed how hard it is to always be good, kind, loving, and unselfish?" point out the child's need for a saviour. Insightful answers give hope to young readers: "Our sins should keep us out of heaven, but instead, God invites everyone--you too!--to come to Him and ask for forgiveness for our sins". As the child matures, he or she will begin to understand the Word of God in accordance with the child-like explanation coupled with it. This is sure to bring understanding that leads to wisdom (and hopefully repentance!) rather than the knowledge of a good story. The Word of God is trusted in this short story to change the hearts of children, hoping to usher them into His kingdom at a young, blessed age. --Jill Heatherly
