Von Harold C. Deutsch, Dennis E. Showalter : If the Allies Had Fallen: Sixty Alternate Scenarios of World War II before purchasing it in order to gage whether or not it would be worth my time, and all praised If the Allies Had Fallen: Sixty Alternate Scenarios of World War II:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Fact-based realistic speculation...Von Steffen RterHarlod C. Deutsch and the other experts contributing to this collection of

"what-if" scenarios go at it from a strictly factual point of view - no secret wonder weapons are introduced, they use realistic assumptions about socio-economic constraints and they don't try to argue away inconvenient facts. No amount of small changes during or before World War II can change the fact that the outcome would have been either very similar to the one we know or - i.e. with regard to Soviet ambitions in the later phase of WW2 or immediately after - even worse. The one constant remaining is, unless major changes are introduced into the timeline, no single decision (politically or militarily) could have changed the result for the German Reich - except avoiding the war altogether and adopting different internal politics (i.e. not electing extremists into positions of power), which might - might ! - have avoided an armed confrontation in Europe during the 1940s.

Kurzbeschreibung What if Stalin had signed with the West in 1939? What if the Allies had been defeated on D-Day? What if Hitler had won the war? From the Munich crisis and the dropping of the first atom bomb to Hitler's declaration of war on the United States and the D-Day landings, historians suggest what might have been if key events in World War II had gone differently. Written by an exceptional team of historians as if these world-changing events had really happened. *If The Allies Had Fallen* is a spirited and terrifying alternate history, and a telling insight into the dramatic possibilities of World War II. Contributors include: Thomas M. Barker, Harold C. Deutsch, Walter S. Dunn, Robert M. Love, D. Clayton James, Bernard C. Nalty, Richard J. Overy, Paul Schratz, Dennis E. Showalter, Gerhard L. Weinberg, Anne Wells, and Herman S. Wolk.
