Von Dennis Waller : In Search of the Kushtaka 2nd Expanded Edition (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised In Search of the Kushtaka 2nd Expanded Edition (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. ExtraordinaryVon Thomas Baker"In Search of the Kushtaka" 2nd Expanded Edition, is an extraordinary book. Did the Kushtaka exist? What does the evidence suggest? The cynical among us should not be so quick to answer in the

negative. At least we should give the Kushtaka their day in court, which is the purpose of the extensive body of evidence the author examines. It is a journey, a quest if you will, to "explain the unexplainable", to comprehend the incomprehensible. An open mind is required to go in search of the Kushtaka. A closed mind will not grapple with the evidence properly. Evidence? There are historical, mystical, and mythical aspects to consider. Further, there is the issue of Watcher's turned Fallen Angels. Watcher? Fallen Angel? If this sounds like mumbo jumbo, take a deep breath...there's more. More? Yes, there's the Shaman, the Tlingit's, and again, the Kushtaka. The Kushtaka brings everything full circle. By the time you finish reading this excellent book, you will be able to answer the question posed by the author at the beginning: "Is the legend and myth of the Kushtaka something that really exists?" We may find that we knew the answer all along, because in my opinion, the answer is found in how each reader reconciles his / her worldview with that of the Tlingit. If nothing else, reading this book, in the words of Joseph Campbell, "...helps you to put your mind in touch with the experience of being alive." Such an experience is worthy of my highest recommendation. Regardless of the perspective from which you read this book, it will leave you in a thoughtful, reflective mood. 5 Stars for the Kushtaka. Reviewed by Thomas Jerome Baker Author of "How To Coach A Debate Team"

Kurzbeschreibung The Kushtaka, the Mythical Shape Shifting Creature of the Tlingit People. A Beast capable of taking your darkest fears and manifest them into a Hellish Reality. In this Special Expanded 2nd Edition, we'll explore more stories, more information and more encounters with the Kushtaka. We'll take a look at the shocking possibility that the Kushtaka may be the remnants of the Fallen Angels and the Nephilim. This book contains information that the UFO community and the Church don't want you to know. There is a hell bent demonic force out there, make no mistake about it. Next time you hear a strange sound or feel something unusually frightening, you are going to wish you read this book.
