**Von Trevor C. Hartley : International Commercial Litigation: Text, Cases and Materials on Private International Law** before purchasing it in order to gage whether or not it would be worth my time, and all praised International Commercial Litigation: Text, Cases and Materials on Private International Law:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein akzeptables Lehrbuch Von Matthias im Groen und Ganzen hat das Textbuch seine Aufgaben erfüllt. Das Unterrichtsmaterial wurde gut erklärt und man hat einige relevante Hintergrundinformationen erhalten. Das Werk ist durchaus zu vergleichen mit anderen seiner Art, und entspricht meiner Ansicht nach den generellen Standards eines

Textbuchen welche man heute an Universitäten, Business Schools und Fachhochschulen erwarten sollte, und auch benötigt.

**Kurzbeschreibung** This carefully structured, practice-orientated textbook provides everything the law student needs to know about international commercial litigation. The strong comparative component provides a thought-provoking international perspective, while at the same time allowing readers to gain unique insights into litigation in English courts. Three important themes of the book analyse how the international element may call into question the power of the court to hear the case, whether it should exercise this power, whether foreign law applies, and whether the court should take into account any foreign judgement. Hartley provides the reader with extracts from leading cases and relevant legislation, together with an extensive reference library of further reading for those who wish to explore the topic in more detail, making this a valuable, single-source textbook. The title will benefit from a companion website, setting out all relevant case law developments for the students.
