Von Sean McManus : iPad for the Older and Wiser: Get Up and Running Safely and Quickly with the Apple iPad (The Third Age Trust (U3A)/Older Wiser) before purchasing it in order to gage whether or not it would be worth my time, and all praised iPad for the Older and Wiser: Get Up and Running Safely and Quickly with the Apple iPad (The Third Age Trust (U3A)/Older Wiser):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Don't call me dummy or idiotVon BernieI pass the +50 over a decade ago. So I should qualify for this book.I have to admit that I played with the iPad before reading the book so I cannot tell what it would be like to be introduced to the iPad by this book.What I can tell that it is good to have a book that tells you want you know but explains it differently. And

I do not want to sound like know-it-all snob as I have learned a few very useful things. The book is well organized in a general text book format with all of the text book advantages. There are also references to external sites to supplement the book. There is even a section or two on care and feeding. I have been dabbling with the different functions and purposes of the iPad just because they are there. My main purpose is to use it as a reader of books magazines and whatnot. Would you believe this book even tells how to navigate iBooks.

Kurzbeschreibung Easy-to-follow, friendly advice on using the iPad 2 This heavily illustrated, approachable guide for the anyone over 50 provides a solid resource for learning how to use the iPad in everyday situations. Veteran author and technology expert Sean McManus clearly explains how to use the iPad to send e-mails, listen to music, watch movies, and play games.
