KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. top! Von Ein KundeFür den Interessierten ist dieses Buch ein Muss. Perrett beschreibt anhand mehrerer Fallbeispiele die Entstehung und die Entwicklung des Panzerkampfes. Für diese Fallbeispiele sucht er sich nicht die x-mal diskutierten 0/8-15 Panzerschlachten raus (natürlich kommt auch er nicht um die großen Panzerschlachten während des 2. WK im Osten und in Afrika herum), sondern er wählt Randbeispiele: Der Panzerkrieg im Pazifik, in Vietnam oder der Vorstoß der 1st (UK) Armoured Division nach Kuwait 1991. Er greift dabei stellenweise auf First-Hand Berichte teilnehmender Soldaten zurück, was das Ganze noch ansehnlicher macht. Von meinem Standpunkt aus, ist dieses Buch absolut empfehlenswert.

KurzbeschreibungThe greatest tank battles of history from the Great War to the Gulf, examined by one of Britain's bestselling military writers. The story of the evolution of armoured warfare in the 20th century, which has seen tanks and other armoured vehicles develop from lumbering, primitive and vulnerable Goliaths to the immensely potent and manoeuvrable agents of lightning battlefield success. This is a collection of the greatest moments of armoured history from the conception of the tank as a means to break the stalemate of the Western Front to Blitzkrieg, the great tank battles of the Second World War and the 'mother of all battles' in the Gulf in 1991.
