Von Tobin BechtelDoolan opened up what I previously thought was a very closed, private city and people. Next goal, walk in the footsteps of the protagonists and see Zrich in a different way. This book goes well beyond the travel guide and Swiss histories I have read in English - highly recommended.1 von 1 Kunden fanden die folgende Rezension hilfreich. Fantastic book! Von MartaI absolutely adore the book. It is witty and gripping at the same time. I bought it because I am moving to Zurich and wanted to find out more about the city and get inspired - and the book fulfilled the purpose 100%. I will definately search for more of Paul Doolan's books.
