Von Kin Sata : Japan Volume II (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Japan Volume II (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Japan - A Fascinating Insight into this Wonderful Country. Von Miki101.Micha With this ebook Kin Sata has done a perfectly good work!To say it right here at the beginning, with this guide You have Japan in Your hands!You will learn a lot about the traditions, described by a real insider.We will learn a lot about:OrigamiMartial ArtsJapanese CeramicsJapanese ScrollsJapanese ArchitectureJapanese CraftsJapanese Sculptureand last, but not least , Geishas.Especially about this last item You will find pages and pages of all the cultural and storical developments and how the image and profession of the real Geisha has changed in the course of the centuries...Their very specialized

capabilities like Ikebana - arranging flowers -, traditional dances, the tachikata, and their musical skills are the result of years and years of hard learning. And You will find also the difference between the REAL Geishas and the "geishas" aka mere prostitutes or simple hostesses. Then You find 20 well chosen recipes, which also can be made in Western cuisines with ingredients You can find in Oriental foodstores all around the globe. There are the traditional dishes like Teriyaki Sauce, Salmon Teriyaki, Miso Soup, Chicken Yakitori, but also novelties like Japanese Satay Chicken, Strawberry Sushi Cheesecake and many others. I can only highly recommend this book for all the friends and lovers of Japan, its traditions and the cuisine. It is a perfect introduction to the "Land of the Rising Sun"!

Kurzbeschreibung Japan, the country, traditions, architecture, cuisine. A fascinating insight into this wonderful country. Kurzbeschreibung Japan, the country, traditions, architecture, cuisine. A fascinating insight into this wonderful country.
