He is also working on a children's multimedia book full of monsters and magic, a near-future, dystopian film script, a strategic card game and is ploughing through a copywriting diploma. With so much bubbling around in his little head, Gareth managed to escape from teaching in September 2014 for a two-year shot at fame and fortune. You can read all about his world-shattering writing success (or otherwise) at <http://tomdickandharryproject.blogspot.co.uk/> Gareth has trained (badly) in various martial arts over the years but nowadays, when not writing or doing family malarkey, he enjoys the less painful pastimes of racquet sports in sunny Hertfordshire, UK.
