Von Esteban Herrera : Java Practice Questions: Oracle Certified Associate, Java SE 7 Programmer (OCAJP) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Java Practice Questions: Oracle Certified Associate, Java SE 7 Programmer (OCAJP) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Nur als

zuzätzliche Übung von Martin K. Die Beispiele sind wesentlich schwieriger als die eigentliche Prüfung. Kurz vor der eigentlichen Zertifizierung ist das eher demotivierend :-). Aber als zusätzliche Übung können die Beispiele durchaus nützlich sein. Ich habe hier gerade 60% geschafft (also negativ), 2 Tage später bei der eigentlichen Zertifizierung dann 93%. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Nette Ergänzung von Hinnerk Oetting. Dieses Buch kann als Ergänzung zur Vorbereitung für die Prüfung OCAJP dienen. Es bietet aus allen Bereichen der Prüfung 10 Fragen. Über einen Link im E-Book kann man schnell und komfortabel zwischen Fragen und Antworten hin- und herspringen. Es sind einige Fragen vorhanden, die mir bei der Prüfung geholfen haben. Insbesondere schreibt das Buch den Blick für alle möglichen Typen von Kompilier-Fehlern. Ich habe die Prüfung letztendlich nahezu ohne Fehler bestanden. Ich kann dieses Buch allerdings nur eingeschränkt empfehlen. Die Formulierungen sind teilweise schwammig, manche Sätze sind nicht im korrekten Englisch verfasst. Die Erklärungen sind nicht immer ausreichend, teilweise wird in den Erklärungen einfach nur die Frage wiederholt. 10 Fragen pro Block können natürlich nicht alle Möglichkeiten abdecken. Das liegt aber auch daran, dass ein Großteil der Aufgaben nicht kompiliert und man deswegen nicht über das eigentliche Thema abgefragt wird. Gern habe ich mich über eine Vielzahl von 'Welche Antworten sind falsch?'-Fragen. Durch die Verdrehung hatte ich die Antworten im Buch nahezu immer falsch. Ich denke auch nicht, dass man die Fähigkeit für die echte Prüfung benötigt. Knapp 5 für 120 Fragen sind natürlich nicht viel Geld, deswegen kann sich das Buch als Ergänzung durchaus lohnen. Für 10 bekommt man bei Hanuman Deshmukh aber mit 500 Fragen wesentlich mehr für sein Geld. Auch qualitativ ist dieses Buch deutlich besser.

Kurzbeschreibung
Errors corrected on 02/22/2013. Thanks for your feedback. If you purchased the book before this date, please update it through the Manage Your Kindle page. How to become a certified Java programmer the easy way
Java 7 certification exams are hard and tricky. Sometimes, experience in the Java language is not enough. You have to know the format of the questions and understand why some things are the way they are and when and how to use them properly. Do you know a good strategy to pass the exam? Many people would agree that a good strategy would be the following: Take a course that covers all the topics of the exam or study with a good study guide. Practice all you can with mock exams. The purpose behind this book is to support you with the second point. This book contains 120 questions for exam IZ0-803, Oracle Certified Associate Java SE 7 Programmer (OCAJP). It will help you to: Know what is covered by the exam. Increase your chances to pass the exam by practicing with similar questions. Strengthen your knowledge of the eight topics covered by the exam. Including 15 questions for each exam topic this book doesn't claim to have the largest number of practice questions. It claims to have questions that will help you pass the OCAJP exam. It focuses in quality, not quantity. Each question was chosen to test a particular point of every exam objective. They are not just filler questions that have no relation with the exam. Explanations for the answer(s) of every question are included. The book was carefully formatted (especially in the questions with code snippets) to provide the best experience as Kindle book. Scroll up and sample the beginning of the book for free either by clicking the cover to look inside or by sending a sample to your Kindle or other device. Or even better, click the buy button and get started today! Spanish edition also available in <http://www. .com/dp/B00BBN5EP6> Already pass the OCAJP exam? Prepare for the next exam, Oracle Certified Professional Java SE 7 Programmer (OCPJP), with our next book in the series <http://www. .com/dp/B00BJTGLXQ>
