Von Laurent Guynot : JFK-9/11: 50 Years of Deep State (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised JFK-9/11: 50 Years of Deep State (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 3 Kunden fanden die folgende Rezension hilfreich. Sehr gutes Buch und ber die Lgen der USA.Von Mark WilliamSehr gutes Buch. Sie werden nachher viel schlauer als Sie vorher waren. Das Buch zeigt deutlich, die Geheimdienste und die USA lgen. Sie mssen allerdings gutes English knnen.

Kurzbeschreibung JFK-9/11 assembles the most significant and well-documented deep events of the last fifty years into a coherent narrative of the deep history of the United States and its sphere of influence. The result is both a concise introduction for newcomers (a deep history for dummies), and an insightful perspective for informed readers. Relying strictly on documented evidence and state-of-the-art JFK and 9/11 research, the book cuts through the layers of government and mainstream media lies, to expose the hidden powers at work in the Empires underground foreign policy. It documents the role of undercover and paramilitary operations, psychological warfare and disinformation campaigns, and above all false flag terror, in the course of world politics since the beginning of the Cold War, and increasingly since September 11th. The book is divided in two parts: the first deals with the underlying forces of the Cold War, the second with the driving forces of the War on Terror. The period investigated begins just before November 22, 1963 and peaks on September 11, 2001, the two deep events that weigh most heavily on the unfolding of American and world history. The author highlights their structural similarities, examines how one made the other possible thirty-eight years later, and follows the underlying thread leading from the one to the other, in the hope of anticipating and circumventing future atrocities.

ber den Autor und weitere Mitwirkende Laurent Guynot was born in France in 1960. After graduating as an engineer from the cole Nationale Suprieure de Techniques Avances in Paris, and working in the armaments industry in the United States for two years, he turned to the study of religious history and anthropology. He has earned a PhD in Medieval Studies in La Sorbonne, Paris, and has since authored several groundbreaking books in French on medieval narrative anthropology, most recently *The Bleeding Spear* (2010) and *Fairy Death* (2011). He has also published an investigation into the psychological and social damage of mass pornography. He has been researching Americas deep history for the last four years, and has been a contributor to Voltaire.net.org. JFK-911 is his first book in English.
