**Von Denise Vu Broady, Holly A. Roland : SAP GRC For Dummies** before purchasing it in order to gage whether or not it would be worth my time, and all praised SAP GRC For Dummies:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. High sophisticated lectureVon Ralf the Lion"SAP GRC for Dummies" ist kein Buch, wie die blichen "...for Dummies" ; es ist high-sofisticated, nur mal das so schnell lesen geht hier nicht. Da ist die Materie SAP Governance, Risk and Compliance selbst schon eine komplexe Materie, aber die beiden Autoren Dennis Vu Broady und Holly A. Rolland stellen dann aber in ihrem typisch amerikanischen Stil das Ganze nochmal so komplex dar. Typisch ist auch Part III: "Going Green" ; niemand in Deutschland kommt auf den Gedanken SAP GRC mit Green-IT zusammenzubringen, denn hierzulande stellt man sich dabei eher Serverlandschaften, die mit Erdwrme betrieben werden vor.Dieses Buch ist ein definitiv anderer Ansatz als alle Bcher von SAP Press oder SecurIntegration, die doch eher die Funktionen der SAP Sotware beschreiben.1 von 1 Kunden fanden die folgende Rezension hilfreich. Titel verfehltVon M. EppleDer Titel des Buches ist irrefhrend, was von den Authoren auch in der Einleitung eingerumt wird.Das SAP GRC-

Framework wird nur teilweise abgedeckt (Risk Management, Global Trade). Es fehlen Erläuterungen zu den Modulen Access Control und Process Control. Es handelt sich eher um eine allgemeine Einführung in die GRC-Thematik.

Kurzbeschreibung Governance, risk, and compliance these three big letters can add up to one giant headache. But GRC doesn't have to be a boil on your corporate behind. SAP GRC For Dummies untangles the web of regulations that confronts your company and introduces you to software solutions that not only keep you in compliance, but also make your whole enterprise stronger. This completely practical guide starts with a big-picture look at GRC and explains how it can help your organization grow. You'll find out why these regulations were enacted; what you can do to ensure compliance; and how compliance can help you prevent fraud, bolster your corporate image, and envision and execute the best possible corporate strategy. This all-business handbook will help you: Understand the impact of Sarbanes-Oxley Control access effectively Color your company a greener shade of green Source or sell goods internationally Keep your employees safe and healthy Ensure that data is kept secret and private Manage information flow in all directions Enhance your public image through sustainability reporting Use GRC as the basis for a powerful new corporate strategy Complete with enlightening lists of best practices for successful GRC implementation and conducting global trade, this book also puts you in touch with thought leadership Web sights where you can deepen your understanding of GRC-based business strategies. You can't avoid dealing with GRC, but you can make the most of it with a little help from SAP GRC For Dummies.

Synopsis See how SAP can help you stay inside the lines. Find out how GRC solutions provide a new paradigm for better business. Governance, risk, and compliance - the big three that can add up to one giant headache. But they don't have to be a pain! This book demystifies the many regulations that confront companies so you can think about your whole GRC strategy, not just one project. Then it shows you software solutions and best practices that keep you in compliance while helping you find ways to make your enterprise stronger and more responsive. Discover how to: understand the impact of regulations beyond Sarbanes-Oxley; navigate the complex waters of global trade; effectively govern risk and financial compliance; make your company environmentally friendly; and, envision and execute risk-adjusted strategies.
