Mit einem persnlichen Highlight.Von Sven HerwigBisher 'dnnstes' Buch der Reihe, welches ich besitze. Sehr interessanter Abschnitt ber die Unterschiede der italienischen FREM. Im deutschsprachigen Raum steht mal in diversen Artikeln der Satz: "als multi-purpose und U-Jagd-Variante gebaut". Hier werden die Abweichungen deutlich!

KurzbeschreibungNow in its seventh year, this annual has established an international reputation as an authoritative but affordable summary of all that has happened in the naval world in the previous twelve months. It combines regional surveys with one-off major articles on noteworthy new ships and other important developments. Besides the latest warship projects, it also looks at wider issues of importance to navies, such as aviation and electronics, and calls on expertise from around the globe to give a balanced picture of what is going on and to interpret its significance. The 2015 edition looks in detail at the French Navy and the Bangladesh and Myanmar navies, while significant ships include the Montford Point class mobile landing platforms, the Samuel Becket offshore patrol vessels, and the Skjold class fast attack craft. There are technological reviews dealing with naval aviation by David Hobbs, and current mine warfare developments by Norman Friedman, while warship recycling is discussed by ian Buxton.Intended to make

interesting reading as well as providing authoritative reference, there is a strong visual emphasis, including specially commissioned drawings and the most up-to-date photographs and artists' impressions. For anyone with an interest in contemporary naval affairs, whether an enthusiast or a defence professional, this annual has become required reading.
