Another Explosive Hit for ST7's 3rd PlatoonVon Ein KundeThis is another exciting ride with the boys from Seal Team 7. Murdock, Dewitt and the rest are joined by Kat Garnett, a beautiful and tough nuclear physicist. Their mission, to stop

the spread of nuclear weapons. This is another well written book, except for the usual spellcheck errors. It'll keep your eyes wide open and your fingers blazing through the pages. I read it from cover to cover in under 24 hours!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. HOO-RAHHVon Ein KundeThis is the first one of Keith Douglass's book's that I have read and I loved it. It is so true about what the S.E.A.L.s job is. But they would NEVER bring in a civilian, or a woman (it's against the military for a woman to be in any type of infantry) in to the S.E.A.L.s, even if it was for one mission. I can't wait until the other books come. I love how descriptive he is in his writing.0 von 0 Kunden fanden die folgende Rezension hilfreich.
