Praktisches SEO-Handbuch
Von SEO Sdwest
Das Buch ist sehr praxisnah gehalten. Im Gegensatz zu manch anderen Veröffentlichungen zum Thema SEO setzt der Autor mehr auf konkrete Beispiele als auf wissenschaftliche Tiefe, und das ist sehr erfrischend. Gerade für Neulinge ist die angewandte Schritt-für-Schritt-herangehensweise sehr empfehlenswert. Das wird verstärkt durch eine umfassende Sammlung von SEO-Tools, Best Practices und konkreten Tipps im Umgang mit Kunden. Hintergrundinformationen zur Entwicklungsgeschichte der Suchmaschinenoptimierung und Tipps zur Optimierung für andere Onlinemedien neben Google runden den Inhalt ab. Ein sehr empfehlenswertes Buch für SEO-Einsteiger und Fortgeschrittene.
0 von 0 Kunden fanden die folgende Rezension hilfreich. A must read for anyone looking to advance their skills in SEO
Von Kunde
I haven't find a better guide on advanced SEO. It's also not a book you'll read and leave on your shelf, but something that will make you get

back to it whenever you need an answer to a specific problem.0 von 0 Kunden fanden die folgende Rezension hilfreich. Leicht und verständlich! Von Patrick Pape Ich als SEO-Neuling habe mir das Buch auf Empfehlung meines Chefs geholt. Bin begeistert. Trotz englischer Sprache ist alles gut verständlich und hat mich in jedem Fall weiter gebracht!!

Kurzbeschreibung Tips, tricks, and little-known methods used by professional SEO consultants to rank in some of the most competitive search phrases Search engine optimization (SEO) is the process of creating, formatting and promoting web pages in a manner that ensures that they are ranked highly for chosen keyword phrases after a user performs a Web search.
