Von Philip Warner : Secret Forces of World War II before purchasing it in order to gage whether or not it would be worth my time, and all praised Secret Forces of World War II:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. grippingVon Kundemany Things unknown so far are well rehearsed and written in a very interesting way. I can recommend the book

Kurzbeschreibung One of the lasting legacies of World War 2 was the proliferation of what today are known as Special Forces. At the time many soldiers, often of high rank regarded these units as nothing short of ill-disciplined cowboys or worse! However desperate times called for desperate measures and there were those in high places who were prepared to take risks. As specially recruited units such as the LRDG, SAS and SBS earned their spurs and scored significant victories, at high cost both to the enemy and themselves, so faith in the concept grew.

Synopsis One of the lasting legacies of World War 2 was the proliferation of what today are known as Special Forces. At the time many soldiers, often of high rank regarded these units as nothing short of ill-disciplined cowboys or worse! However desperate times called for desperate measures and there were those in high places who were prepared to take risks. As specially recruited units such as the LRDG, SAS and SBS earned their spurs and scored significant victories, at high cost both to the enemy and themselves, so faith in the concept grew. Philip Warner's book takes a highly informed look at the broad spectrum of secret forces, of all sides, describing their origins and training, the key personalities and their actions and achievements.
