Von Sahil Malik : SharePoint 2013 - Planet of the Apps (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised SharePoint 2013 - Planet of the Apps (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I expected moreVon LangrockI was expecting more. This book contains more the verbal jokes of the author, but does not go into detail.I would recommend instead of the author being funny and funky he should pay more attention to the subject.0 von 0 Kunden fanden die folgende Rezension hilfreich. Typischer SahilVon AndreasWie man es von seinen Bchern kennt:Gut lesbarHumovollTipps fr den ProduktiveinsatzTolle Idee und ein starker Preis.

KurzbeschreibungThe one book you need to get started with what is perhaps the biggest difference between SharePoint 2010 and SharePoint 2013. This book covers the basics of Apps, the inside workings, Provider hosted apps, and Azure hosted apps. It talks of development experience and nuances of both on-premises Apps and Office 365 Apps. Note: This book does not cover anything about Office Client Apps.Prefer paper? Please see <http://www.com/SharePoint-2013-Planet-Apps-Volume/dp/1480077089/Kurzbeschreibung>The one book you need to get started with what is perhaps the biggest difference between SharePoint 2010 and SharePoint 2013.
