A must-read for parents and educators!Von Ein KundeAs a 16-year veteran of the sixth-grade classroom I found Florence Littauer's interpretation of Silver Boxes excellent. Very often the slightest voice inflection or casual aside can damage the psyche of the 11-12 year old! Because students this age are going through so many emotional and physical changes, I believe this group is particularly vulnerable to these kinds of comments. Wouldn't it be wonderful if we

could all keep a "silver box" permanently in our hands? It would make our job as educators so much easier, and just think of the precious lives that we could influence in a positive way. I enjoyed her chapter-by-chapter breakdown of the different kinds of "silver boxes." I think it explained the premise in an easy-to-understand format. This book is a must-read for parents and educators who want to produce children and students with healthy self-esteem who will develop into happy, productive adults.1 von 1 Kunden fanden die folgende Rezension hilfreich. Life ChangingVon BonnieFlorence is obviously a Silver Box sent from God, to share such real and needed topic. I have really enjoyed this book; I have shared it with the womens group I lead at my church. The real life examples within this book inspired me to become a better mother, daughter, friend and person. The author is sensitive and loveing while teaching the art of encouragement. You learn to uplift others while becomeing a better person yourself. I highly recommend this book if you have ever been hurt by harsh words or if you have ever hurt someone by an unkind comment. The Lord can use the stories in this book for you to find healing.0 von 0 Kunden fanden die folgende Rezension hilfreich. It made me want to look for Florence Littauer's next speaking engagement, so I could meet her in person. This book makes a super gift to anyone! As a matter of fact I received it as a gift and so I am also sending it to someone special!
