Fukushima Block 2 Geheimnisse gelftetVon jennicoEin sehr empfehlenswertes und spannendes Werk fr alle, die Fukushima noch nicht vergessen haben. Investigativ, logisch aufgebaut und auch fr Laien gut verstndlich. Es gibt auch

eine deutsche Version. Ein Muss für alle, die nach Antworten suchen und die ganze Wahrheit wissen wollen.

**Kurzbeschreibung**The research team at SimplyInfo.org has conducted a new in depth review of the events surrounding unit 2 at Fukushima Daiichi during the initial disaster. This new report shed light on events during the disaster that previously had been little understood, left without a root cause or credited to other reactors at the plant.
