inspiration to and for REAL men. Von Ein Kunde I shared this book with a couple of friends this past Christmas. It was my way of spreading the Gospel and telling them that it does pay to serve a true living God. Before giving it as a gift, I read it and it said all the things women want men to know about who they should be as men in Christ. The one message that resonates is that you must be in the place where your blessings are to receive them. God is waiting on men to come to that place, the blessing is already there. Bless Bishop Jakes for that insight. 0 von 0 Kunden fanden die folgende Rezension hilfreich. T.D. Jakes displays his ability to let God use him again!
