Von Mark Garzone : Software Testing: A Guide to Testing Mobile Apps, Websites, and Games (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Software Testing: A Guide to Testing Mobile Apps, Websites, and Games (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Lektorat schlecht, Inhalt okayVon AndreasEine berschaubarer Aufsatz mit Listen und Tipps, die den Einstieg ins Testen erleichtern, aber keine besonders tiefen Einblicke in professionelle Vorgehensweisen bietet.Es sind sehr viele Schreibfehler drin, Schriftarten wechseln manchmal mitten im Satz. Manche Seiten sind lediglich Screenshots irgendwelcher Tools, ohne weitere Erluterung.Trotzdem fr Einsteiger halbwegs brauchbar, ist schnell gelesen.

KurzbeschreibungThis book is a guide to software testing of mobile apps, web apps, and games. It covers all aspects of testing such as manual testing, test cases design, automation testing, exploratory testing and performance testing. The book discusses tips, techniques, and tools for the every day tester needed to accomplish their job. It also includes advice on how to be a better tester and test manager.KurzbeschreibungThis book is a guide to software testing of mobile apps, web apps, and games.
