Von Steve Chmielewski : Sold Short (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sold Short (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Boston-based stock market thriller!Von Ein Kundelf you want to read a thrilling new novel by a first time author about the stock market, this is it! I thought the story line of combining the stock market (something that I'm learning about myself, which this novel answers some questions that I had about how the market works in general and short sales) and the Boston mob is intriguing. With all the money flowing in and out of the stock market today, this scheme seems very possible! You won't be disappointed. It's a very quick read - I read it on a flight to/from Chicago. I'll be interested in finding out more about this author in the future.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great storyVon KerryA great story about the stock market. fast paced and suspenceful. Even funny too.0 von 0 Kunden

fanden die folgende Rezension hilfreich. Thumbs Up Von BullMarket Exciting story about the mob and the stock market. Hope there's a sequel.

KurzbeschreibungThe press has exposed the longtime cozy relationship between the Boston FBI and Red Bartlett, the leader of the Irish Mafia in Boston. The FBI is now cracking down on the Mafia's illicit activities. To diversify their business, the Irish Mafia has infiltrated Wall Street and is now blackmailing the manager of the largest mutual fund in the world as part of their scheme. Nick Hanson's brother and friends have their own insider trading knavery that now has them at odds with Bartlett. If the public finds out who is calling the shots with their 401(k) money, it could be devastating to the markets. It's up to Nick to get them out alive without causing a run on the markets.
