ON RIGHT SIDE THIS TIME! Von Ein Kunde In the continuing "Ashes" series, author Johnstone has really issued a "page-turner" this time. It is all-out Civil War with the good guys being Ben Raines and his Rebel Army vs. a socialist/waco U.S. government. I could not put it down. I did not want it to end. The government that Johnstone has created, which the Rebels are defending, is a place that I would like to live. Too bad it exists only in Johnstone's mind and his creation. I have been following author Johnstone since the creation of this series, and he hasn't disappointed me yet. Great going Bill. When is the next book? 0 von 0 Kunden fanden die folgende Rezension hilfreich. A New Hope For Raine's Rebels Von Ryan Scott Waggaman Well he did it again. Another great book continueing Mr. Johnstones great series. This one rounds off as one of my favorites but Treason in the Ashes is my favorite. I wont give away the ending but its a great way to end a book. Just makes you want to get the next one. All round this book was great it has everything a good book needs; suspense, action, Drama, and romance. Keep up the writing Mr. Johstone and know your giving hope to this new generation. 0 von 0 Kunden fanden die folgende Rezension hilfreich. You'll like this one Von Ein Kunde There can never be enough films or books about the dark drama of human conflict. In terms of tension, suspense, and relentless action, Standoff in the Ashes ranks right up there with the best of the genre, I put it on an equal level with classics like the Brotherhood of War books, Red Dawn, and The Triumph and the Glory.

Kurzbeschreibung Ben Raines has been to hell before and made it out alive every time. But Ben hasn't come face-to-face with a fury like Claire Osterman, fanatical new president (for life) of the United States of America. Now she's handed down the first order of business: terminate the Southern United States of America and Ben Raines. With what promises to be the bloodiest civil war the world has ever seen looming on the horizon, Raines must not only command his Rebel army to prevent sure-fire disaster, but also outrun every cash-hungry mercenary eager for a pound of his flesh. One Million dollars is the reward. The takers are a thousand strong. But when it comes to life and death battles, no one can match Ben Raines. Especially when he's out for blood, too and has to wipe his enemy off the face of teh earth to get it. Kurzbeschreibung Ben Raines has been to hell before and made it out alive every time.
