Von Anne Lamott : Stitches: A Handbook on Meaning, Hope, and Repair (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stitches: A Handbook on Meaning, Hope, and Repair (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Small book full of great wisdomVon Helpful Advice"Stitches" by Anne Lamott is new book by known bestselling spiritual author that follows her previous popular prayer book Help, Thanks, Wow".She wrote this book that could be used to help on those most difficult days in our lives, when it seems that it can't be any worse than already is.In "Stitches" using her familiar writing style Anne is giving her insights full of hope that can give strength, help reader to regain will for life after some tragic event, accident or any other sad event happened.She called this book as a handbook on meaning, hope and repair although she admits that she as well can't provide simple and exact answers, feeling herself sometimes lost as well.Instead she is suggesting trying finding peace in ourselves, using faith and trying to help each other doing our daily activities, or simple said just try to survive these days full of sorrow.Due to her life in which she experienced some sad days, but also from people she knows, she is giving some practical advices how to help others and ourselves in case of illness, loss of a loved person or a natural disaster, advices that are full of wisdom.Anne Lamott with her book is giving a suggestion which path to take when some bad thing happens in your life, and although that path wouldn't be easy to follow, if you open your heart open, you'll be able to recover.Stitches" is a small book full of warmth and great wisdom and due to that it can be fully recommended.

KurzbeschreibungWhat do we do when life lurches out of balance? How can we reconnect to one another and to what's sustaining, when evil and catastrophe seem inescapable?These questions lie at the heart of Stitches, Anne Lamott's follow-up to her New York Times-bestselling work, Help, Thanks, Wow. In this book, she explores how we find meaning and peace in these loud and frantic times; where we start again after personal and public devastation; how we recapture wholeness after loss; and how we locate our true identities in this frazzled age. We begin, Lamott says, by collecting the ripped sheets of our emotional and spiritual fabric and sewing them back together - one stitch at a time.It's in these stitches that the quilt of life begins, and embedded in them are strength, warmth, humour and humanity.PressestimmenThe meaning [of pain] doesn't come through answering theological questions, it comes through taking the trouble to walk with someone through the hard times and share the weight. That is what this lovely, hopeful, helpful book does. -- Kim Kelly Reform Magazine I urge you to read this great little book, filled with Anne Lamott's insight and counsel on 'collecting the ripped shreds of our emotional and spiritual fabric' and how to 'sew them back together, one stitch at a time. Rev Johnny Douglas This book hovers, questions, and paints with words at time with some delicacy ... written in artistic, attractive prose ... Idea Magazine Anne Lamott is a bone-fide literary megastar ... widely loved for her fiercely funny take on life, God, and writing. Church Times Guide to Greenbelt Her pages are densely populated by those who have sustained, inspired, and annoyed her. It is as though everything she has learned about life she has learned from journeying with those around her. Church Times Stitches: A handbook on meaning, hope and repair was written in response to a very painful situation. Church Times Anne Lamott said she intended Stitches to be: a book by someone with a sense of humour, on where we find meaning after tragedy, both private and global. Church Times This offers the potential to create something that is unconventional and unplanned but has a rugged beauty and great purpose. This book is for anyone who ever thinks about the deep questions; for the hurting and the lost...I suspect that a few of Lamott's other books may find their way onto my shelves in the near future Christianity Magazine Lamott's writing is full of such touchstone quality. It is rich yet colloquial, and again, so funny which is a refreshing aspect to what can be seen as a spritual guidance/self-help title. The Herald Saturday A guide through grief, which the author describes in a really honest way that I think people wil relate to. Families First This little hardback offers beautiful insights into meaning, hope and repair...she reliably offers hope to those of us who live on the edges of life. If you have a friend who needs encouragement I commend to them, and to you, this book. ReflectionsKurzbeschreibungWhat do we do when life lurches out of balance?
