**Von Thomas Farel Heffernan : Stove by a Whale: Owen Chase and the Essex** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stove by a Whale: Owen Chase and the Essex:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Inspiration for Moby-DickVon Ein KundeThis excellent book contains about the completest history of the sinking of the Essex by a whale in 1820, which provided Melville the idea for his climax in the novel. Not only does it contain all the information known on the Essex's crewmen, but it also contains, unabridged, Chase's Narrative, along with the

accounts of the survivors and their rescuers, plus Melville's marginalia in his copy of Chase's Narrative. This is a must-read for anyone interested in the Essex, 19th century whalers, or Herman Melville.

KurzbeschreibungA thrilling documentation of the first sinking of a ship by a whale.PressestimmenNew York Times Book "South Atlantic Quarterly"Chase's Narrative "is a good catch for its own sake." New York Times Book "A "wondrous tale [to catch] the top-gallant delight of insatiable devotees of whaling lore and all true Melvilleans." South Atlantic Quarterly"Chase s Narrative is a good catch for its own sake. New York Times Book "On November 20, 1820, a great whale rammed the Nantucket whaler Essex, 2,000 miles west of Ecuador. Owen Chase, her first mate, and 29 other men took to the boats; eight eventually survived. Herman Melville s debt to Chase s Narrative (1821) has been known since Moby Dick appeared, but little has been known about Chase and the survival of the crew . . . Heffernan s study belongs on the shelf of every Melville scholar and anyone interested in an exciting tale. Choice"wondrous tale [to catch] the top-gallant delight of insatiable devotees of whaling lore and all true Melvilleans. South Atlantic Quarterly"The astonishing list of books, logs, manuscripts, court records, ships registers, and museum records attest to the diligent weeks, months, and even years that have finally resulted in a volume that entrances the reader with yarns of the sea. All the drama is still there, intact. Ocean"-Chase's Narrative 'is a good catch for its own sake.'---New York Times Book -On November 20, 1820, a great whale rammed the Nantucket whaler Essex, 2,000 miles west of Ecuador.
