Kurzbeschreibung In 2008, Bhutan triumphantly took the stage as the world's youngest democracy. But despite its growing prominence and rising scholarly interest in the country, Bhutan remains one of the least studied, and least well-known places on the planet. Karma Phuntshos *The History of Bhutan* is the first book to offer a comprehensive history of Bhutan in English. Along with a detailed social and political analysis, it offers substantive discussions of Bhutan's geography and culture; the result is the clearest, richest account of this nation and its history ever published for general readers.
