Von Steven Drakeley : The History of Indonesia (The Greenwood Histories of the Modern Nations) before purchasing it in order to gage whether or not it would be worth my time, and all praised The History of Indonesia (The Greenwood Histories of the Modern Nations):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein gutes BuchVon NostraticistIn Indonesien gibt es etwa 17.000 Inseln und mehr als 500 Sprachen. Deshalb ist es kein Wunder, dass manche Inseln versuchen sich abzuspalten. Das ist in den späten 1990er Jahren mit Ost-Timor geschehen. Und Aceh und Papua haben auch Tendenzen zum Separatismus. Schon seit Millionen Jahren leben Menschen im heutigen Indonesien. Die Niederländer beuteten das Land in der frühen Neuzeit bis zum Zweiten Weltkrieg aus. Danach besetzten die Japaner das Land und beuteten es auch aus. Erst als die Atombomben auf Japan fielen, zogen sich die Japaner aus Indonesien zurück. Von 1959 bis 1998 war das Land eine Diktatur, zuerst unter Sukarno, dann unter Soeharto. Erst als es 1998 zu einer Wirtschaftskrise in Asien kam, wurde das Land demokratisch. Es gibt muslimische Kräfte im Land, die Indonesien zum totalitären Gottesstaat machen wollen.

KurzbeschreibungCulturally and politically, Indonesia is one of the more complex countries in the world, with 336 ethnic groups speaking 583 languages and dialects. It is only recently that these people have been contained within one political framework. Throughout most of history, Indonesia's inhabitants were divided politically in many different ways as a bewildering array of kingdoms and empires rose and fell within the region. Since independence in 1945, one of the challenges Indonesia faces is constructing a unified national identity. Through six chapters, Drakeley discusses Indonesian history beginning with settlement and social development in 5,000 BCE, through the Colonial Era, the Independence Movement, the Sukarno Era, and the Soeharto Era, to the 2004 elections. Ideal for students and general readers, the History of Indonesia is part of Greenwood's Histories of Modern Nations series. With over thirty nation's histories in print, these books provide readers with a concise, up-to-date history of countries throughout the world. Reference features include a biographical section highlighting famous figures in Indonesian history, a timeline of important historical events, a glossary of terms, and a bibliographical essay with suggestions for further reading. Pressestimmen "Covers a country seldom given its own in-depth treatment. Indonesia is one of the more complex countries in the world: under its umbrella are over three hundred ethnic groups speaking almost six hundred languages and dialects and under one uncertain political umbrella. From early settlement to modern times, students receive a lively history." - MBR Bookwatch "[C]overs a country seldom given its own in-depth treatment. Indonesia is one of the more complex countries in the world: under its umbrella are over three hundred ethnic groups speaking almost six hundred languages and dialects and under one uncertain political umbrella. From early settlement to modern times, students receive a lively history." - MBR Bookwatch "[C]overs a country seldom given its own in-depth treatment.
