Great book on capture of terrible Nazi war criminalVon Ein KundeVery informative, suspenseful, and educational. Its amazing that this war criminal was able to remain hidden for 15 years. WW II was definitely a sad part of our world's

history. The book ends with his delivery to Israel. I am now interested in finding out about his trial.0 von 0 Kunden fanden die folgende Rezension hilfreich. Better than any espionage movie you will seeVon Walter D. StephensThis ranks among the best books that I have read. I have recently completed several holocaust related books and found this book by accident. This read will make you wish you were a part of the capture team.
