Kurzbeschreibung Martial Arts researcher Antony Cummins reveals the hitherto hidden world of Viking hand-to-hand combat, which employed the sword, the spear, the axe and the shield. Based upon a careful analysis of the Viking sagas, the techniques described are recreated precisely, from knocking down a spear in mid-flight to the shield cleave. Illustrated with over 250 images, *The Illustrated Guide to Viking Martial Arts* in effect represents the earliest combat manual in the world. This insight into the warriors who were the scourge of Dark Age Europe is a feat of textual interpretation and imagination.
