Von Customer This work condenses the scattered faith documents that are the "Gospels" into a kernel of real truth. It is a truly remarkable piece of work for those of us who believe Christ is more than the caricature that many zealots paint him as today. Jefferson deduced the real message in the New Testament, which was a call to live a better, more ethical life. He saw through the amalgam of Greek mythology, cynic-style homilies, and cosmic-battle cultic material that was mish-mashed together by 2nd century apologists to create a life for a man whose very existence is debatable. Christ is a concept and a model, not a god! Jefferson indeed created a bible that can

be used as a life tool, not a tool of oppression and coercion with which one can be saved or damned.3 von 3 Kunden fanden die folgende Rezension hilfreich. What Jesus said Von Gent Dave Jesus taught that religion comes from the heart, and not from books or ancient laws. When Jesus spoke about the priests of Jerusalem, he quoted Isaiah. Matthew 15:7-9 You hypocrites! Isaiah was right when he prophesied about you: These people honor me with their lips, but their hearts are far from me. They worship me in vain; their teachings are but rules taught by men. It is easy to see how this also applies to today's fundamentalists. Jefferson focuses on the simple clear message of Jesus. Matthew 22:36-40 "Teacher, which is the great commandment in the law?" And he said to him, "You shall love the Lord your God with all your heart, and with all your soul, and with all your mind. This is the great and first commandment. And a second is like it, You shall love your neighbor as yourself. On these two commandments depend all the law and the prophets." Matthew 7:12 So in everything, do on to others what you would have them do to you, for this sums up the law and the Prophets. Nothing could be simpler.4 von 4 Kunden fanden die folgende Rezension hilfreich. Jesus without the miracles! Von Ein Kunde Jefferson presents a picture of Jesus that is very compelling. In this work, there is no healing of the sick or walking on water. What Jefferson puts much attention to is Jesus's use of parables as a way to tell his stories. Even though, I am no longer religious at heart this book was very thought provoking.

Gustav Niebuhr, New York Times "The Founding Father's treatment of the Bible was radical. . . . Today, historians such as Yale University's Jaroslav Pelikan are struck by the project's 'sheer audacity' . . . Jefferson's Bible is a curious sidelight on an ever-intriguing figure, whose image has become more controversial in recent years." Richard N. Ostling, Associated Press "Gives us a preaching Jesus of distinctly human dimensions, without miracles or resurrection. [A] fascinating document, telling us a great deal about a great eighteenth-century mind and its world." Charles S. Adams, Religious Studies "These excerpts from the four Gospels are among the most interesting and compelling in all of the Scripture. They emphasize Jesus' ethical lessons of love, reverence, forbearance, reproachment, repentance, and forgiveness."
