beautiful hardback edition of a timeless children's classic Von K. Preu These Stirlings' Editions are just beautifully crafted with skilled illustrations and you get the major classics of Rudyard Kipling for a really small price. The eleven year old boy loved it as his best birthday present, and he is a keen reader, I will certainly look out for this Stirling Editions if I want to give away a book that expresses the joys of reading. And I would recommend the Jungle Book Original to anyone who just knows the Disney Classic, not because the book is far more complex, and yet, once you get hooked on the Jungle Book, you wish there was more to it. Well here it is. Enjoy Kipling's Animal Kingdom from the Jungles of India, over the South Pole and back to Australia - a book trip for your vivid imagination 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not what I expected Von ({{|}}) On seeing the title of this book, I thought it must be a continuation of The Jungle Book (English Edition). It is actually a mixture of stories about Mowgli and Co. (both during the time of the previous book and after) and other unrelated but still interesting stories by Kipling. Mowgli has changed little and his fans will definitely enjoy this book, because even though it contains mostly shorter tales, it is a long and satisfying book in Kipling's unforgettable style. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Abenteuer im Dschungel Von Greta Die Geschichte von Mowgli, der bei den Tieren im Dschungel aufwächst und viele Abenteuer zu bestehen hat, dürfte jedem bekannt sein. Gerade auch durch die vielen Verfilmungen (die neueste davon noch im Jahr 2016). Daher möchte ich hier nur noch sagen, dass mir auch diese Fassung aus der Reihe "All Time Favorites Collection" gut gefallen hat. Zum einen wegen des sehr günstigen Preises, zum anderen aber auch, weil sie die Originalausgabe von Rudyard Kipling's Meisterwerk enthält. Super!

Kurzbeschreibung Among the most popular children's books ever written, The Jungle Book (1894) comprises a series of stories about Mowgli, a boy raised in the jungle by a family of wolves after a tiger has attacked and driven off his parents. Threatened throughout much of his young life by the dreaded tiger Shere Khan, Mowgli is protected by his adoptive family and learns the lore of the jungle from Baloo, a sleepy brown bear, and Bagheera, the black panther. Subtle lessons in justice, loyalty, and tribal law pervade these imaginative tales, recounted by a master storyteller with a special talent for entertaining audiences of all ages. Included are such tales as "Rikki-tikki-tavi," a story about a brave mongoose and his battle with the deadly cobra Nag; Mowgli's abduction by the monkey people; and "Toomai of the Elephants," in which a young boy witnesses a secret ritual and is honored by his tribesmen. This inexpensive, unabridged edition of The Jungle Book promises to enchant a new generation of young readers, as it recalls to their elders the pleasure of reading or hearing these stories for the first time. This classic served as the basis for many film adaptations, including the 2016 live-animation Disney release directed by John Favreau.
