Von Jim Forest : The Ladder of the Beatitudes before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ladder of the Beatitudes:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A clear, crisp, relevant, and holy look at the BeatitudesVon Jeff Kiernan co71@aol.comJim Forest takes the reader on a thought-provoking journey by exploring the Beatidues as a whole and individually. Using examples from such diverse

sources as the Desert Mothers and Fathers, Russian Orthodox saints, and contemporary peace and justice activists, he opens the Beatitudes in ways which allow readers to see their connection to our own times and lives. He does an especially good job delineating the meaning of words as they are used in the Beatitudes. A good resource for teachers, preachers, and anyone who wants a "new-old" way of looking at these basic teachings of Christ.

Kurzbeschreibung This telling meditation on the blessings from the Sermon on the mount shows how we might 'ascend' the Beatitudes to the fullness of Jesus' message. Kurzbeschreibung This telling meditation on the blessings from the Sermon on the mount shows how we might 'ascend' the Beatitudes to the fullness of Jesus' message. Autorenkommentar text of a citation from the Catholic Press Association First Place for paperback books in Spirituality: "This is a remarkable blending of Western and Eastern traditions about the Beatitudes and a contemporary update of their relevance. one beatitude leads to the next, and together they constitute a summary of everything that follows in Matthew's gospel even to the passion and resurrection. It is a truly magnificent tool to use in meditation on the deepest meanings of the Scriptures as related to our daily lives. The book's notes manifest the rich array of witnesses to the beatitudes over the centuries and today." the Catholic Press Association Year 2000 awards
