Die wichtigsten Zwischenüberschriften aus seinem Werk zeigen am besten auf, aus welcher Richtung der Wind weht: Life Is a Gift from God What Is Law? A Just and Enduring Government The Complete Perversion of the Law Victims of Lawful Plunder Who Shall Judge? Perverted Law Causes Conflict Slavery and Tariffs Are Plunder Legal Plunder Has Many Names Socialism Is Legal Plunder The Proper Function of the Law Enforced Fraternity Destroys Liberty The Socialists Wish to Play God A Famous Name and an Evil Idea The Leader of the Democrats Legislators Desire to Mold Mankind Legislators Told How to Manage Men A Temporary Dictatorship What Is Liberty? Philanthropic Tyranny The Indirect Approach to Despotism The Vicious Circle of Socialism Socialists Fear All Liberties The Enormous Power of Government Politics and Economics Proper Legislative Functions Law and Charity Are Not the Same The Basis for Stable Government Justice Means Equal Rights The Path to Dignity and Progress Let Us Now Try Liberty

Um dann dadurch klarzustellen, da 99.9% unserer Gesetze ungerecht sind, und eigentlich in die Milltonne gehen. Jeder Politiker sollte dieses Buch lesen müssen, bevor zu Wahlen antreten darf (im Prinzip reichen die ersten 14 Seiten). Würden sie sich daran halten, hätten wir den mehrfachen Wohlstand, (vermutlich) keine Armut mehr und in unseren Gerichten würde "Recht" gesprochen werden. Leider sind wir so weit davon entfernt, da man gar nicht weiß wo man anfangen soll. Dieses Buch ist gefährlich, weil darin die Wahrheit steht. Man kann die Argumente für das Einmischen des Staates in Umverteilung des Wohlstandes, mittels Steuern und Wohlfahrtsleistungen, nicht mehr rechtfertigen oder erklären, wenn man die Wahrheit kennt. Es gibt kein Zurück mehr, wenn man die Matrix verlassen hat. Dieses Buch schafft freiheitsliebende Denker, die der Welt erklären können was der Staat darf und was nicht. Sozialismus (ja, das ist etwas negatives) wäre unmöglich, wenn man dieses Wissen in Schulen unterrichten würde.

Kurzbeschreibung Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Synopsis Originally published in June of 1850, this book which is now more than one-hundred fifty years old is still one of the most popular books published. The author, Frederic Bastiat was a statesman and French economist. At the time of this writing, France was quickly becoming a socialist state. This work by Mr. Bastiat studies, explains and critiques each socialist policy which he witnessed in his role in the French legislative assembly. This text is a valid read today as these socialistic beliefs are still used in the modern French government and the United States of America. This text should be a required reading for those who study political science, civics, government and law or those who are employed in government.
