Von Christopher Hibbert, Ben Weinreb, John Keay, Julia Keay : The London Encyclopaedia (3rd Edition) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The London Encyclopaedia (3rd Edition) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tolles Buch!Von Dirk Wichmannhat ein wenig lang gedauert, aber den Preisvorteil war es wert!! ber die Qualitt des Buchs braucht man nichts zu sagen. Das kennen eigentlich insider!

Kurzbeschreibung There is no one-volume book in print that carries so much valuable information on London and its history. Illustrated London News The London Encyclopaedia is the most comprehensive book on London ever published. In its first new edition in over ten years, completely revised and updated, it comprises some 6,000 entries, organised alphabetically, cross-referenced and supported by two large indexes one for the 10,000 people mentioned in the text and one general and is illustrated with over 500 drawings, prints and photographs. Everything of relevance to the history, culture, commerce and government of the capital is documented in this phenomenal book. From the very first settlements through to the skyline of today, The London Encyclopaedia comprehends all that is London. Written in very accessible prose with a range of memorable quotations and affectionate jokes a monumental achievement written with real love. Financial Times From Library Journal According to Dr. Samuel Johnson, "When a man is tired of London he is tired of life; for there is in London all that life can afford." In many senses this fine reference work confirms Johnson's oft-quoted words. With some 5000 entries, ample illustration, and excellent indexes (a general one and one covering people), it is an easily used tool. Well over 100 experts contributed to the book, and the co-editors have done an exceptional job in covering everything from the amusing to the mundane, the largely forgotten past to the vital present. To peruse the work's pages is almost to wear the shoes of George Macaulay Trevelyan as he walked at the side of his relative Thomas Babington Macaulay and had one noteworthy London site after another pointed out, along with a fascinating lecture on its history. Comprehensive, readable in a fashion seldom found in encyclopedias, and transcending anything of this sort heretofore in print, this is a work which belongs in both public and academic libraries. - Jim Casada, Winthrop Coll., Rock Hill, S.C.
