essential reference to all interested in British History Von Joe Owen This is an essential Book of the British Monarchy that has helped me tremendously in doing research about all the Kings and Queens through the history of Great Britain. It is thorough, well documented, it has essential maps and background information, not only about the Kings and Queens, but also about significant events throughout the history of this great nation. This is a book that reaffirms the importance of Great Britain in Western Civilization. The Kings and Queens from Alfred the Great to Elizabeth II are told with interesting form, as well as the Kings and Queens of Ireland, Wales, Scotland and major chieftans who had their own kingdoms in Britain during the early Middle Ages. An outstanding book that is an absolute must to anyone who wants to research the history of Great Britain. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Osnabrck in Hannover? Ansonsten eine praktische Einfhrgung in das Thema Von Dodo Vielleicht htte ich nach dem Artikel zu Macbeth nicht den zu Georg I lesen sollen, denn danach bekam ich Zweifel an manchen Einzelheiten zu Schottland (vielleicht aber auch unntigerweise). Neben dem nicht existenten "Leincastle" (gemeint ist das Leineschloss) wird auch erwht, dass George I in "Osnabrck in Hanover" gestorben sei. h? Diesen Satz habe ich dreimal gelesen und dann geschlussfolgert, dass der Autor wohl meinte "Osnabrck, das damals wie Hannover zum Herzogtum Braunschweig-Lneburg gehrte". Und hoffe mal, das die meisten englischen Leser wissen, dass Hannover eine Stadt und kein deutsches Bundesland ist...Naja, kann ja mal vorkommen. Und ein bisschen braucht man solch ein Buch in Zeiten von wikipedia nicht unbedingt mehr. Es macht aber einfach Spa, wenn man sich fr das Thema interessiert, darin zu schm kern, zumal das Englisch wohl auf Durchschnittsbrger zugeschnitten und somit leicht lesbar ist (den Text ber Macbeth kann man durchaus einer 10. Klasse und lter zumuten). Ein wirkliches Manko ist aber das sehr sparsame Inhaltsverzeichnis, das nur die Oberkapitel angibt. So muss man bestimmte Knige immer ber den Index suchen, was etwas umstndlich bei einem E-Book ist. Ist man dann aber fndig geworden, bekommt man einen knappen, doch hinreichenden biographischen Text und ein paar historische Hintergrundinformationen. Und ich gehe mal davon aus, dass sich der Autor in GB natrlich besser auskannte, so dass auch die geographischen Angaben in der Regel korrekt sind. ;-)
