KurzbeschreibungPast the hustle and bustle of midtown, sheltered from the squawks of taxis and tourists, lies a quiet

little block near Central Park kept humble by rent control. Cathleen Schine's brilliantly funny novel shows us how living on a street like this in New York with a dog is like living in a tiny village, one that has a rhythm all its own. Walking her dog, Beatrice, Jody falls under the spell of Everett's bewitching smile. Everett begins to appreciate his post-divorce life only when he falls in love with Howdy, Polly's puppy. Polly lives with her brother, George, who isn't looking so much for a love life as for life direction, and Howdy leads him right to it. Doris hates the trash on her block, she hates the pee on her SUV's large tires, and, above all, she hates dogs. That is, until she gets one of her own. In *The New Yorkers*, as in life, canine companions compel their masters to go outside of themselves, to take part in the community they live in, to make friends, and sometimes, to fall in love. *Pressestimmen* "Sprightly, romantic, occasionally sad but always diverting . . . The New Yorkers will inspire you to sit, stay, and beg for more."--Connie Ogle, *The Miami Herald* "Schine is a sly writer with considerable dog and people skills. . . . Fine and precise [in] execution . . . Filled with a sweetness of life."--*The Boston Globe* "Poignant and frankly funny. Schine has a gift for illuminating wholly believable yet somehow unexpected characters with a single line."--*Chicago Tribune* "Schine writes about her characters with affection and humor . . . and has created a love letter to the city that even a rural cat fancier could enjoy."--*The Christian Science Monitor* "There's plenty of unexpected romance, but it would be a mistake to think that this is merely a love story about dogs or their people. It's really about Schine's love for the city that contains them--a Manhattan of the not-so-distant past. . . . [A] rich snapshot of urban life."--*Time Out (New York)* "Schine's sleek little parable about love and loss in the big city is neatly layered with intersecting stories of each character. A sweetly savvy paean to dogs and the people who love them."--*Baltimore Sun*
