Von Robert I. Frost : The Northern Wars: War, State and Society in Northeastern Europe, 1558 - 1721 (Modern Wars In Perspective) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Northern Wars: War, State and Society in Northeastern Europe, 1558 - 1721 (Modern Wars In Perspective):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Die Nordischen KriegeVon Ein KundeIn deutscher Sprache sind moderne Werke ber die Nordischen Kriege sehr rar. Frosts Werk deckt drei Jahrhunderte ab und ist ein groartiges berblicks- und Standardwerk ber die Militrgeschichte Nord- und (Nord-)Osteuropas.

KurzbeschreibungThis book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721. It is the first comprehensive history which considers the revolution in military strategy which took place in the battlefields of Eastern Europe. Robert Frost examines the impact of war on the very different social and political systems of Sweden, Denmark, Poland-Lithuania and Russia and he explains why it was Russia that emerged victorious from these wars. Based on extensive primary and secondary research (including much material that is unfamiliar in English) this book makes an important contribution to the debate on military change and political development in early modern Europe.PressestimmenWinner of the Early Slavic Studies Association (ESSA) 2005 Distinguished Scholarship Award "a rare and remarkable synthetic historical work"Professor C. M. Vakareliyska, ESSA"This important book throws light on some very dark places in European history""Times Literary Supplement" "a powerfully-argued contribution to the historiography on the evolution of the military state...truly sets an impressive standard""Slavonic East European " "Another volume in a truly splendid series -Modern Wars in perspective- whose serious format and price are pitched at history students but should not put off the intelligent general reader.""BBC History" "a magnificent achievement, learned, perspicacious and judicious...an outstanding contribution" "War in History" "It is an eminently readable, remarkably well-crafted, balanced, and above all else, a most provocative analysis of one of the central processes in the formation of modern Europe" ""J.T. Koitlaine, Harvard University"KurzbeschreibungThis book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721.
