Von Mark Black : The Nuremberg Trials: A Very Brief History (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nuremberg Trials: A Very Brief History (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastic summary of a huge eventVon ErtltaffNot easy to summarise such a vast topic in such a short book, but it is really well done. I have read many WWII books and whilst interesting, can make you feel like being dragged through a bog because of the need for detail. If you have always fancied reading an account of this trial but didn't want to plough through a minefield of legal stuff, give it a go.

Kurzbeschreibung Want to learn more about history, but dont think you have the time? Think again. The Nuremberg Trials, often dubbed historys greatest trial, were the first and the best known of the series of trials conducted by the Allies to bring to bring the leaders of the Third Reich to justice. The Nuremberg Trials ran from from 20 November 1945 to 1 October 1946, and was the moment where the world discovered the true extent and horrors of the Holocaust; this book details the background to the trials, and the judgements that were ultimately handed down to the Nazi leaders. The Very Brief History series is intended to give the reader a short, concise account of the most important events in world history. Each book provides the reader with the essential facts concerning a particular event or person; no distractions, just the essential facts, allowing the reader to master the subject in the shortest time possible.
