Von Malcolm Margolin : The Ohlone Way: Indian Life in the San Francisco-Monterey Bay Area (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ohlone Way: Indian Life in the San Francisco-Monterey Bay Area (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A real findVon Judith Markoff Hansen (judith@cheerful.com)A truly beautifully written book about the Native American

people who populated the Bay Area, from Monterey to San Francisco. The descriptions of the land they inhabited as recently as 200 years ago makes wonderful reading aloud, and the Ohlone customs and beliefs will fascinate anyone living in the Bay Area. I rather fell upon this book at the SFPL, and can't believe my good fortune that it is available. As a high school librarian in SF, this can be well used by upper elementary through high school students wanting to know about the people and the place that existed long before SF was a settlement, when the area supported some of the densest populations of flora and fauna in America. The illustrations (bw) will be much used as the basis for a mural on our area's history. They are clear and capture, in their intricacy, so many details that kids will relate to. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A fascinating and influential book Von Ein Kunde I strongly recommend this book for anyone who is interested in the Native American and ecological history of the Bay Area. It is thoughtfully written and is an easy and enjoyable read. There is tremendous detail about the Ohlone culture and about the natural world of the Bay Area before European contact. The book also provides an interesting cultural study by bringing the reader into a world of values that are markedly different from our own. This is one of the best books I own. 0 von 0 Kunden fanden die folgende Rezension hilfreich. very interesting, entertaining reading Von Ein Kunde Malcom Margolin must have researched intensively to create this excellent book. Like historical fiction, it presents known information about the Ohlone people in a well-told story, giving a more direct, personal view to the reader, perhaps capturing the feeling of the times it describes. A mere 213 years ago when Ohlone culture was at its incredible zenith, a time of great wealth and deep religious knowledge.

Kurzbeschreibung The culture of the Indian people who inhabited the Bay Area prior to the arrival of Europeans Two hundred years ago, herds of elk and antelope dotted the hills of the San Francisco-Monterey Bay area. Grizzly bears lumbered down to the creeks to fish for silver salmon and steelhead trout. From vast marshlands geese, ducks, and other birds rose in thick clouds with a sound like that of a hurricane. This land of inexpressible fertility, as one early explorer described it, supported one of the densest Indian populations in all of North America. One of the most ground-breaking and highly-acclaimed titles that Heyday has published, *The Ohlone Way* describes the culture of the Indian people who inhabited Bay Area prior to the arrival of Europeans. Recently included in the San Francisco Chronicles Top 100 Western Non-Fiction list, *The Ohlone Way* has been described by critic Pat Holt as a mini-classic. sA beautiful book, written and illustrated with a genuine sympathy....A serious and compelling re-creation. The Pacific Sun Remarkable insight in to the lives of the Ohlone Indians. San Francisco Chronicle Margolin conveys the texture of daily life, birth, marriage, death, war, the arts, and rituals, and he also discusses the brief history of the Ohlones under the Spanish, Mexican, and American regimes...Margolin does not give way to romanticism or political harangues, and the illustrations have a gritty quality that is preferable to the dreamy, pretty pictures that too often accompany texts like this. Choice Pressestimmen "Margolin has written thoroughly and sensitively of the Pre-Mission Indians in a North American land of plenty. Excellent, well-written." "A remarkable insight into the lives of the Ohlone Indians." "One of the three books that brought me the most joy over the past year."
