Von Justin Mccarthy : The Ottoman Turks: An Introductory History to 1923 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ottoman Turks: An Introductory History to 1923:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
scholarlyVon Ein KundeThis book provides a fabulous overview of the Ottoman Empire. I especially appreciate McCarthy's attention to matters that are often not discussed in history books (at least in a serious way), such as family life and daily life. I feel that sometimes McCarthy takes an overly pro-Turkish stance on controversial issues, but this

book really is valuable.

Kurzbeschreibung Justin McCarthy's introductory survey traces the whole history of the Ottoman Turks from their obscure beginnings in central Asia, through the establishment and rise of the Ottoman Empire to its collapse after World War One under the pressures of nationalism. Vividly illustrated with many maps, this introductory overview is designed for non-specialists but is written with great authority and with access to original sources. It fills an important gap for an authoritative but accessible account of the rise of one of the world's great civilizations.

Kurzbeschreibung Justin McCarthy's introductory survey traces the whole history of the Ottoman Turks from their obscure beginnings in central Asia, through the establishment and rise of the Ottoman Empire to its collapse after World War One under the pressures of nationalism. Vividly illustrated with many maps, this introductory overview is designed for non-specialists but is written with great authority and with access to original sources. It fills an important gap for an authoritative but accessible account of the rise of one of the world's great civilizations.

Synopsis This is an introductory survey of Ottoman history from earliest times to the end of the Empire, written for both students and non-specialists. Although it offers a broad account of events, it is not primarily a political narrative of the Ottoman territories; rather, it investigates the world of the Ottoman Turks themselves, exploring their political, social and economic systems, and examining the lives and customs of ordinary people, as well as of the ruling classes.
