Von Afif Safieh : The Peace Process: From Breakthrough to Breakdown before purchasing it in order to gage whether or not it would be worth my time, and all praised The Peace Process: From Breakthrough to Breakdown:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. An

intelligent and realistic view on the Israeli Palestinian conflict

Von L. Mostinckx As a diplomat, Afif Safieh had three of the most important positions you could have as a diplomat of the Palestinian people, London, Washington DC and Moscow. He explains the conflict, the problems but most importantly his vision how the conflict could be solved. With an education in Europe and living there most of his adult life, this is a book written by a bright and moderate mind. Even people (like me) who didn't know very much about the exact difficulties in the peace process, it was easy to follow his book and it seems to me that even people with a lot of knowledge about this topic will get a very interesting view on the issue.

Kurzbeschreibung Afif Safieh served as Palestinian General Delegate in London, Washington and Moscow from 1990 to 2009. During this time, he met and interacted with the leading figures of our times: from Yasser Arafat, John Major and Tony Blair; to Jimmy Carter, George W. Bush and Pope John Paul II. *The Peace Process: From Breakthrough to Breakdown* brings together Afif Safieh's articles, lectures and interviews from 1981, when he was a staff member in Yasser Arafat's Beirut office, to 2005, at the end of his mission in London, revealing the political and intellectual journey of one of Palestine's most skilled and distinguished diplomats. His writings, which centre on the Palestinian struggle for independence, are a testament to his vision and humanity and provide a unique map of Palestinian diplomacy over the last three decades.

Pressestimmen '[An] intellectually powerful, articulate and eloquent spokesman. His book makes a vital contribution to our understanding of the cause that he has served with dignity and distinction for over three decades. It deserves the widest possible readership.' Avi Shlaim, Oxford University 'These pages demonstrate Afif's commitment, his deep knowledge of history, his frustrations and his sparkling good humour.' Lord David Steel 'This collection - shines with brilliance and insight. Safieh is that rare combination of scholar, diplomat and humanist. There is much to be learned from reading his work - a compelling and principled call for examination and engagement.' Sara Roy, Harvard University 'A welcome addition to the literature written on the Peace Process. It is formidable in its eloquence, humanity and the description of his hopes for a just peace for all Palestinians.' Judge Eugene Cotran
