Von Nathaniel Cheairs Jr. Hughes : The Pride of the Confederate Artillery: The Washington Artillery in the Army of Tennessee before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pride of the Confederate Artillery: The Washington Artillery in the Army of Tennessee:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Washington ArtilleryVon Joseph W. McDonald"The Pride of the Confederate Artillery" provides a well researched look into the experiences of a group of volunteers that went off to defend their state during the war of Northern

aggression. It is not overly detailed as to the movements of the unit, but does provide a well thought out and insightful look at the sufferings of the soldiers as they do their duty. Mr. Hughes also points out how the class differences between the bourgeois cannoners and the lower class drivers and teamsters dissolved during battle only to resurface after. This book is highly recommended.

Kurzbeschreibung In *The Pride of the Confederate Artillery*, Nathaniel Cheairs Hughes, Jr., illustrates the significance of the unit and, for the first time, positions this pivotal group in its rightful place in history. The Fifth Company, Washington Artillery of New Orleans, fought with the Army of Tennessee from Shiloh to Chickamauga, from Perryville to Mobile, and from Atlanta to Jackson, Mississippi. Slocumb's Battery, as it was also known, won repeated praise from every commander of that army. Although it sustained high losses, the company was recognized for its bold, tenacious fighting and was considered the Army of Tennessee's finest close-combat battery. *The Pride of the Confederate Artillery* is the compelling story of four hundred men, their organization and service, their victories and defeats in over forty battles.
