KurzbeschreibungAt the moment of crisis in 1941 on the Eastern front, with the forces of Hitler massing on the outskirts of Moscow, the miraculous occurred: Moscow was saved. Yet this turning point was followed by a long retreat, in which Russian forces, inspired by old beliefs in the sacred motherland, pushed back German forces steeled by the vision of the ubermensch, the iron-willed fighter. Many of Russia's 27 million military and civilian deaths occurred in this desperate struggle. In **THE RETREAT**, Michael Jones, acclaimed author of **LENINGRAD**, draws upon a mass of new eye-witness testimony from both sides of the conflict to tell, with matchless vividness and comprehensiveness, of the crucial turning point of the Second World War - the moment when the armies of Hitler could go no further - and of the titanic and cruel struggle of two mighty empires. **Pressestimmen**Jones deserves full credit for the remarkable personal testimonies he has amassed. **The Sunday Times (UK)**A mass of first-person material that has been cleverly assembled to paint a striking picture. **BBC History Magazine**A gripping account of the opening stages of Hitler's war of extermination against the Russians. . . . Jones tells the story of the struggle with verve and scholarship. **Andrew Roberts, author of Masters and Commanders**A vivid, illuminating account. **World War II magazine (on Stalingrad)**A tribute to the resilience of the human spirit. **Herald (UK) (on Leningrad)**
