**Von John MacArthur : The Second Coming: Signs of Christ's Return and the End of the Age** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Second Coming: Signs of Christ's Return and the End of the Age:

heavy here. The one thing I appreciate about this book is that he puts the focus on Christ (contra the focus on signs like Van Impe, Lindsey and other sensationalistic writers). MacArthur's writings will make you have a more humble attitude toward the Second Coming of Christ. I recommend this book for beginners and even for a few folks who are already familiar with premillennial eschatology. I'd like to see MacArthur expand further on this topic. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent First Reference For Biblical End Times Theology Von Kenneth P. Ehrlich This book gives an excellent overview of God's eternal plan for Israel and the Church. It does not provide a whole lot of nuts and bolts eschatology, but I don't think that was the author's intent. I strongly recommend it for the reader who wants to seek and embrace God's eternal plan for his children. After reading this book, I would recommend "End Times" by Walvoord for a more detailed eschatological account. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Needed To Be More In-Depth Von Ein Kunde This book was weakly written. I've read plenty of MacArthur's books, and was severely disappointed in this one. I know he could have done better. Its brevity and lack of substance clearly represented the publisher's attempt at a quick buck. A weighty subject of this nature deserves more than that!

Kurzbeschreibung "And if I go and prepare a place for you, I will come again and will take you to myself, that where I am you may be also." John 14:3 ESV Jesus Christ was very clear: One day He will return-and none of us knows when. Vocal fanatics claim to know the details of the Second Coming, causing many Christians to all but ignore the good news that Jesus is coming again. Yet God's own Word commands us to know the signs of the times, to remain watchful, and to be ready-whenver Christ comes. This book is a straightforward, in-depth exploration of the key biblical texts regarding the Second Coming; most notably, Christ's longest and most important eschatological message, the Olivet Discourse. As you study what the Word of God says about these matters, it will stir in your heart an earnest longing for Christ's return-as well as a certainty about how to live expectantly until He comes again. Der Verlag ber das Buch A straightforward discussion of Christ's coming return Pastor/radio personality John F. MacArthur here gives an in-depth examination of the key biblical texts dealing with Christ's future return to earth, especially as seen in the Savior's Olivet Discourse. Why, and when, will He come back? How are we to live in the meantime? What are we to believe about all this, and what commonly taught ideas about it are we not to believe? Properly understood, here is unequalled hope for life now and in the hereafter. A highly respected book, as widely read and appreciated as his other fine works.
