Von Rudhard Kipling : THE SECOND JUNGLE BOOK (non illustrated) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised THE SECOND JUNGLE BOOK (non illustrated) (English Edition):

Preu These Stirlings' Editions are just beautifully crafted with skilled illustrations and you get the major classics of Rudyard Kipling for a really small price. The eleven year old boy loved it as his best birthday present, and he is a keen reader, I will certainly look out for this Stirling Editions if I want to give away a book that expresses the joys of reading. And I would recommend the Jungle Book Original to anyone who just knows the Disney Classic, not because the book is far more complex, and yet, once you get hooked on the Jungle Book, you wish there was more to it. Well here it is. Enjoy Kipling's Animal Kingdom from the Jungles of India, over the South Pole and back to Australia - a book trip for your vivid imagination 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not what I expected Von ({{}}) On seeing the title of this book, I thought it must be a continuation of The Jungle Book (English Edition). It is actually a mixture of stories about Mowgli and Co. (both during the time of the previous book and after) and other unrelated but still interesting stories by Kipling. Mowgli has changed little and his fans will definitely enjoy this book, because even though it contains mostly shorter tales, it is a long and satisfying book in Kipling's unforgettable style. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Abenteuer im Dschungel Von Greta Die Geschichte von Mowgli, der bei den Tieren im Dschungel aufwächst und viele Abenteuer zu bestehen hat, dürfte jedem bekannt sein. Gerade auch durch die vielen Verfilmungen (die neueste davon noch im Jahr 2016). Daher möchte ich hier nur noch sagen, dass mir auch diese Fassung aus der Reihe "All Time Favorites Collection" gut gefallen hat. Zum einen wegen des sehr günstigen Preises, zum anderen aber

auch, weil sie die Originalausgabe von Rudyard Kipling's Meisterwerk entht. Super!

KurzbeschreibungKipling shows his love of the sub continent and its people and understanding of their beliefs in these tales. An older Mowgli roams the jungle with his old friends and investigates the ways of his people, a Prime Minister becomes wandering holy man, scavengers tell their tale and we leave India for the far,far north of Canada.
