Interesting but not grippingVon Barbara TsipourasAfter finishing the first book of the series I wanted to know where he would lead this story, how he would explain the apocalypse.I skipped the 2nd and 3rd because reading wasn't like living the story, it was like looking from the outside and judging - how does he interpret prophecy? Where is the christian view? How will the Anti-Christ rise to power? How will he describe the 2nd coming? It's reading out of curiosity more than enjoying the book.To my disappointment this isn't the last book. There will be a 5th one (the last?) I really don't know if I will be curious enough to buy it.(less)
