Von W. Shuster : The Strangling of Persia before purchasing it in order to gage whether or not it would be worth my time, and all praised The Strangling of Persia:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. An American in Tehran; US exceptionalism the Great-p.Von Rob S. GlaseShuster's work stands as a prime example of American expectionalism when the US was still an exception in international relations. His story is a sad tale of an American realist/idealist who attempted to rise above the great-power rivalries to bring stability and autonomy to a

budding democracy caught between strategic considerations. Anyone familiar with the US involvement in the coup to overthrow the popular government of Mossadegh in 1953 will notice the many parallels and sad ironies in the Shuster text. This book is also perfect as a background to the relationship between the US and the Persian people. Shuster's work is a truly American attack on the European imperial system, and a scathing critic of the culture of diplomacy. Shuster was an exceptional man writing in an exceptional time, but it was exceptions such as Shuster which generated America's exceptional image throughout the world. Robert S. Glase

Kurzbeschreibung This early work on Persian history is both expensive and hard to find in its first edition. It contains a personal narrative of the late Treasurer General of Persia and his firsthand account of America's involvement in the shaping of modern day Iran. This is a fascinating work and thoroughly recommended for anyone interested in Iranian history. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Pressestimmen "Shuster wrote a lively firsthand account of his experiences that reveals much about how Great Power interference shaped Iran's history, with considerable reference to recent and current events."
