Von John Stuart Mill : The Subjection of Women (a feminist literature classic) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Subjection of Women (a feminist literature classic):

KundenrezensionenHilfreichste Kundenrezensionen3 von 6 Kunden fanden die folgende Rezension hilfreich. InformativeVon Ein KundeScottish Philosopher and economist of 19th century, the pioneer of liberalism and utilitarianism, John Stuart Mill also touched upon the issue of the inequality of men and women in society. While

women were in the second level in the society and had no voting and being voted right, Mill, through publishing this book, supported the 100% equality between men and women. He mentioned that woman slaves do not have to satisfy their owners' sexual desires. It is very humiliating and insulting for women being forced to have sex. This book gives decent information about the status of women in those times. It is not a foolish feminism but reality mentioned in the book.

Kurzbeschreibung This carefully crafted ebook: "The Subjection of Women (a feminist literature classic)" is formatted for your eReader with a functional and detailed table of contents. The Subjection of Women (1869) offers both detailed argumentation and passionate eloquence in opposition to the social and legal inequalities commonly imposed upon women by a patriarchal culture. Just as in On Liberty, Mill defends the emancipation of women on utilitarian grounds. John Stuart Mill, (20 May 1806 8 May 1873) was an English philosopher, political economist and civil servant. He was an influential contributor to social theory, political theory and political economy. He has been called "the most influential English-speaking philosopher of the nineteenth century".

Pressestimmen An excellent and affordable edition, with a pithy introduction by Okin that that contextualizes and summarizes the argument well. Mill's work affords insight not only into the issue of women's emancipation, but also into the world of 19th century liberalism: its views of history, of class, and of slavery. --Peter C. Caldwell, Rice University

Reasonably priced and beautifully produced. A clear and helpful introduction by Susan Okin, one of the leading feminist scholars of our generation, as well as a useful bibliography and chronology of Mill's life. . . . Invaluable for teaching and scholarship alike. --Ian Shapiro, Yale University

An excellent and affordable edition, with a pithy introduction by Okin that that contextualizes and summarizes the argument well. Mill's work affords insight not only into the issue of women's emancipation, but also into the world of 19th century liberalism: its views of history, of class, and of slavery." --Peter C.
